## CAPE TOWN CENTRE

### Technical Meeting

**DATE:** Thursday, 28<sup>th</sup> March 2019  
**VENUE:** Italian Club, Donegal Road, RUGBY  
**TIME:** 18h00 for 18h30

Our Technical Meeting this month will be a presentation by Andreas Schulaks (Head of Industrial Refrigeration) from Bitzer in Germany. Torsten Steinborn of Bitzer South Africa will introduce the speaker.

The Subject will be: EFFICIENCY meets REDUNDANCY in NH3 systems

The big threat for industrial refrigeration installation is not the first cost, more & more the life cycle cost will be in focus. Life cycle cost is not only service and maintenance, it is also down time and the biggest part of it is energy cost. A second presentation will be on the Bitzer ACP concept. key figures and the actual status of global installations.

The Presentation will last for one hour, with a break in between for the usual snacks.
