

# SAIRAC

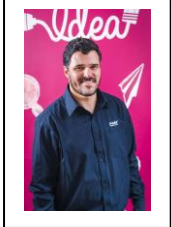

The South African Institute of Refrigeration and Air Conditioning

[www.sairac.co.za](http://www.sairac.co.za)

Dear SAIRAC members

You are invited to our Johannesburg Centre Technical Talk on 20 April 2023

**TOPIC: *The Future of Refrigerants* presented by Werner Terblanche**

Werner Terblanche, Key Account Manager, A-Gas South Africa, has 12 years of refrigerant industry knowledge and has built a solid reputation for himself with his extensive and specialist knowledge of the circular economy of refrigerants.

As a team member of the global company A-Gas, Werner has been at the forefront of the various stages of the Phase down of refrigerants in accordance with both The Montreal Protocol and the Kigali Agreement. This exposure has ensured that the products and services he offers his clients are strategic, sustainable and within regulation at all times.

Werner's passion for the environment knows no boundaries and this has been evidenced by his travels across the African continent to educate industry on the next phase of environmentally sustainable solutions.

**SYNOPSIS:**

Werner Terblanche will take everyone through the upcoming phase out quota reduction while highlighting key next generation refrigerant replacements and the associated Environmental Services that support the industry before, during and after the phase out. He will be using this opportunity to discuss some new initiatives that A-Gas has in the pipeline for enhancing the return and re-use of disposable cylinders.

Venue: ACRA, 203 Element Road, Chloorkop, Kempton Park.

Date & Time: 20 April 2023 at 18h30

Snacks and drinks will be provided.

Please send RSVP to: [johannesburgsecretary@sairac.co.za](mailto:johannesburgsecretary@sairac.co.za) by 17 April 2023.

Mariet Pieterse

Johannesburg Secretary
